The NBCW is asking for responses to two questions in the preparation of the organisation's annual statement to the Bishop's Conference. These questions have been devised by the NBCW members and agreed by Bishop Bosco, our Bishop liaison. There is no right or wrong way on how to do this and all responses are welcome

Calling Catholic Women

Topic 1: Synodality - As the Church enters the implementation phase of the Synod, how are women experiencing the synodal process? What role do women see for themselves in fostering a synodal way of being Church?

Topic 2: Inclusion and Cultural Belonging - How can parishes become safe and welcoming spaces where women from different cultures feel able to speak, share their experiences, and be fully themselves within the life of the Church.
